

DSB brings the elegant, powerful and multi-functional dual binding system for the total solution of comb and wire. One unit just creates unlimited potentials. Various practical utilities and professional working performance are for you to experience.

CW-4500 (Electrical) all in 1 comb+wire (International Patented)

CW-4500

Punching capacity	32/34 holes wire – 20 sheets (80gsm paper)
	19/21 holes comb – 25 sheets (80gsm paper)
	PVC 0.2mm cover – 2 sheets
Binding capacity	O-wire: 5mm – Max. 28mm (250 sheets)
	Plastic comb: 6mm – Max. 51mm (500 sheets)
Paper format accepted	A4, letter, cover, 12"
Punch & Bind	Individual system for punch & bind which allows operating separately
Edge guide	Adjustable for A4, LTR, cover, 12"
Punching depth	2 steps adjustable for plastic comb
Loading of paper	Vertical
Punching Mode	Electrical
Weight	20.2 kgs
Machine Dimension	460*550*230 mm (BxDxH)

comb + wire punch & bind and wire closing, low cost, high quality & efficiency.

special device for wire hanging

measure guide for determine the size of wire correctly.

user-friendly edge guide for adjust the paper format easily.

micro-adjustor for exact closing of wire

unique designed appearance can standing upright to put preserving and easy carry.

Built for Commercial & Professional

1. Delicate and well-turned appearance from Germany design.
2. Dual punch & bind system for both comb & wire.
3. Unique design for wire hanging.
4. Micro-adjust wire closer.
5. Safe sensor for over loading punching scraps.
6. Multi-national patents and international certificates.
7. Powered by electrical motor for CW-4500; Manual for CW-350

CW-350 comb+wire

CW-350

Punching capacity	32/34 holes wire – 15 sheets (80gsm paper)
	19/21 holes comb – 20 sheets (80gsm paper)
	PVC 0.2mm cover – 2 sheets
Binding capacity	O-wire: 5mm – Max. 28mm (250 sheets)
	Plastic comb: 6mm – Max. 51mm (500 sheets)
Paper format accepted	A4, letter, cover, 12"
Punch & Bind	Individual system for punch & bind which allows operating separately
Edge guide	Adjustable for A4, LTR, cover, 12"
Punching depth	2 steps adjustable for plastic comb
Loading of paper	Vertical
Punching Mode	Manual
Weight	14 kgs
Machine Dimension	460*450*230 mm (BxDxH)
