

# → HIGH-CAPACITY SHREDDER **IDEAL 5009-2-C/C**

## SIMPLY GIGANTIC: FOR REALLY LARGE QUANTITIES AND COMPLETE LEVER ARCH FILES

Large feeding table with conveyor belt and electronically secured safety guard in the feeding area | control panel for forward/stop/reverse | safety lock and key, main switch and emergency cut-off switch | optical indicators for the operational status of the machine | «2-MATIC» – two automatic speed levels with automatic adaption of the shred speed to the paper quantity fed | electronic control prevents overfeeding: automatic reverse and refeeding in case of paper jams | automatic cut-off if the shred bag is full | centralised oiler for effective and convenient lubrication of the shredding head | large shred compartment with electronically secured door on the rear side of the machine | shred trolley with plastic bag mounting frame and 300 litres capacity | powerful three phase motors (9.0 kW) | thermal motor protection | robust shredding heads with special hardened cutting shafts made of high-quality steel, resistant against soft metal objects | 5 years guarantee on the cutting tools | machine mobile on castors | accessories at an extra cost: second shred trolley and a modular conveyor belt system for the shred exit area

Power connection<sup>2</sup>: 400 V / 50 Hz / 3~, Dimensions (H x W x D): 1714 x 1036 x 2170 mm,

Depth with modular conveyor belt system: 3070 mm, Weight: 1130 kg.

L.T.E. Listed 802 D

### EASY LUBRICATION

A centralised oiler for easy lubrication of the cutting head is standard equipment on this high-capacity shredder.

### ROBUST CUTTING HEAD

Complete lever arch files including metal components can be shredded due to the high-quality, tempered steel cutters.

### SHRED TROLLEY

The door on the rear side of the shredder is electronically secured and allows safe and easy removal of the shred trolley.

### → IDEAL 5009-2-C/C

Particle size	8 x 40-80 mm
Sheet capacity <sup>1</sup>	600-700   500-600
Security level	2
Feed opening	500 mm
Motor capacity	9.0 kW

<sup>1</sup> A4 paper, 70 g/m<sup>2</sup> | 80 g/m<sup>2</sup>

<sup>2</sup> other voltages available

# ➔ MODULAR CONVEYOR BELT SYSTEM

## FOR THE SHRED EXIT AREA OF THE HIGH-CAPACITY SHREDDER IDEAL 5009-2-C/C

ideal for shredding large paper quantities | output of the shredder can be doubled using this system (removing the full shred bag is not necessary) | offers flexibility for individual shred disposal needs | easy and secure mounting – through the open door of the shredder, the modular conveyor belt system is placed into the shred exit area and locked | electric belt drive (100 Watt motor), controlled by the shredder electronics | electrically secured locking system | thermal overload protection | mobile on castors

Dimensions (H x W x D): 1160 x 690 x 1900 mm, Weight: 99 kg.

Conveyor belt system in operation

### MORE OUTPUT CAPACITY

Output of the shredder can be doubled using this conveyor belt system.

### CONVENIENCE

Shreds can be collected conveniently in large containers or in the shred trolley.

### ➔ CONVEYOR BELT SYSTEM

Height	1160 mm
Width	690 mm
Depth	1900 mm
Weight	99 kg
Motor capacity	100 Watt

# PAPERBOX „COLLECT & SHRED“

## THE CONVENIENT COLLECTING BOX FOR OUTDATED FILES AND DOCUMENTS

Intermediate storage container, ideal in connection with centralised high-capacity shredders as an effective inhouse solution for efficient data protection | lockable lid with removable key | slot for safe disposal of documents | high storage volume of 125 litres | storage space for outdated files or full wastepaper baskets | practical handle for easy transportation | smooth running, lockable castors

Dimensions (H x W x D): 1150 x 514 x 600 mm, Weight: 36 kg

### PRACTICAL COLLECTING BOX

Outdated documents can be disposed of quickly and safely by using the PAPERBOX in the office as an ideal intermediate storage container for material to be shredded inhouse.

### LOCKABLE LID

The removable key of the PAPERBOX guarantees that confidential documents stay confidential.

### EASY TO EMPTY

The hinged top door of the PAPERBOX allows easy access to the documents to be shredded.
